Maybe you have been trying to **express your gifts, to share your voice, and to grow your Soul work** in a way that feels true to you, and yet something still feels blocked.

You show up, you learn, you apply strategies from others, but your expression does not fully open, your work does not flow in the way your heart longs for, and the results do not come as naturally as you feel they could.

There may be moments where you find yourself wondering what you are doing wrong, but beautiful soul, there is nothing wrong with you ◆

What is **often unseen is that the heart**, the very place where your Soul expresses through, may **not yet feel fully safe to open**, and when the heart is guarded your gifts remain partially hidden, your voice softens, and your Soul cannot fully be felt or received.

Your Soul carries a unique frequency, a natural way of expressing, creating, and serving, and when this frequency is not fully expressed your work can feel blocked, unseen, or disconnected from the abundance your heart knows is possible.

Often there is something deeper beneath this, a quiet tenderness in the heart shaped by moments of **being hurt, rejected, unseen, or misunderstood,** and without even realizing it part of you may still be protecting your heart, gently holding back your voice and your full expression.

Through the Rose we do not force this opening, we soften it, as the Rose carries a powerful frequency of **heart healing that gently dissolves these layers,** opens what has been closed, and allows love, trust, and expression to flow again ✧

As your **heart begins to feel safe,** your Soul, your gifts, and your expression naturally come into alignment, and this is where your true abundance begins to open.

Through the Rose Template your work is no longer something you have to push or force, it becomes a natural extension of your energy, soft, magnetic, and deeply aligned with who you are.

You begin to trust your intuition, to express your gifts with ease, and to create offerings that carry your true frequency, and from this place the right people feel you, recognize you, and are naturally drawn to your work ✧

Inside this space you are held in a **powerful field of transformation where your gifts are not only activated but embodied,** and where your visibility, confidence, and magnetism expand in a way that feels safe, natural, and true to you ✧

◆ Who is this journey for? ◆

This journey is for you...if you know, deep in your heart, that **you are here for more** ✧

✧ You are a **sensitive, intuitive healer, coach, channel or soul-led leader...**you feel a deep desire to **open your heart again and to express your gifts in a way that feels true, natural, and aligned with your Soul,** whether through a business, a practice, or simply the way you live and share your energy in the world.

✧ You know you have something real to offer...but you **don't always feel confident, visible, or clear on how to express it.**

✧ You sense that there are **layers around your heart, old protections and heart-walls that are still holding your voice, your expression, and your full presence back**, and you are ready to gently begin releasing them.

✧ You **have tried different strategies, courses, or approaches**, but something still feels misaligned, forced, or disconnected, as if your **heart is not fully available to lead your creations**.

✧ You desire to create a business or practice that feels like joy...**something that flows naturally, instead of something you have to push**

✧ You **desire to create from an open heart**, where your offerings naturally reflect your Soul, your truth, and your deeper mission.

✧ You want to trust your intuition more deeply...and **allow it to guide your creations, your offers, and your next steps**

✧ You feel that **your gifts are connected to something greater**...and you are ready to express them in service to others and to humanity

✧ You desire to **release what has been holding your heart closed** so your work can carry your true frequency and **feel magnetic, authentic, and deeply resonant to the right people**.

✧ And you are ready to soften...to stop forcing...and to allow your Soul Business to open in a way that feels true, safe and deeply aligned with who you are ✧

If you feel this...

This journey was created for you *

What unfolds for you as you walk this path?

Inside this journey, you are not only learning...you are becoming ✧

- You begin to **feel safe to be seen, to express yourself, and to share your gifts in your own unique way**
- **A gentle opening of your heart through the healing frequencies of the Rose**, allowing your true expression, confidence, and magnetism to naturally emerge
- You build a **deeper trust in your intuition**...allowing it to guide your creations, your offers, and your next steps

- You gain **clarity on how to express your gifts in a way that feels natural**, aligned, and true to you
- You **create offerings that carry your frequency**...so they feel magnetic, authentic, and deeply resonant to the right people
- You **release the need to force, push, or follow strategies that are not aligned with your energy**
- You **open your channel more deeply**...strengthening your connection with your Soul, your guidance, and the unseen support available to you
- You **embody confidence in your voice, your presence, and your work** — in a way that feels grounded and real
- You **begin to experience visibility in a new way**...where being seen feels safe, supported, and even joyful
- You **activate the natural magnetism of your field**...so aligned clients can feel you and are drawn to your work with ease
- You **open to receiving** — allowing abundance, opportunities, and support to flow more naturally into your life and business
- And most importantly...**you begin to feel that your work is truly yours** ✧
— **something that reflects your essence, your truth, and your Soul**

This is not about becoming someone else...it is about remembering who you already are — and allowing that to be seen *

❁ The Journey Through the Rose ❁

Each month, we gently open one petal of your Soul Work...
allowing your visibility, confidence, and magnetism to expand in a natural and embodied way ❖

Throughout this journey, we will work deeply with your energy, your expression, and the energetic template of your business...so your work becomes a true reflection of your Soul.

Important: This Mastermind is a **living, evolving field of transformation** ❖

The journey is guided not only by structure...but by the Souls within this container.

As we move through each month, the teachings and activations will naturally unfold in alignment with what is most needed.

Some of the deeper work and advanced transmissions will reveal themselves along the way by the Rose Consciousness that will be guiding us.

For this reason, **parts of the later sessions may evolve — as this journey is alive, guided, and precise.**

✧ Archetypes of Soul Expression (via Portal Audios)

Inside the Portal, you will be guided through a deeper exploration of your natural way of expressing your Soul

You will begin to discover:

✧ **The way your Soul naturally expresses...**

— through your voice, your energy, your presence

✧ **The archetype you embody at your core...**

— are you here to guide, to activate, to create, to transmit?

✧ **The frequencies you carry...**

— the ones people feel when they enter your field, even before you speak

✧ **And the codes you already hold...**

— the ones that are ready to be shared, embodied, and lived

This is not something you will figure out with your mind...

It is something you will begin to feel *

to recognise...to remember...to allow.

And as this truth starts to emerge...something soft begins to shift within you.

Your expression becomes clearer...your voice more natural...your presence more real.

This is where your **Soul Work or Business truly begins** ✧

✧ Month 2 — Petal of Confidence (13 May)

Reclaiming Your Worth & Inner Safety

In this second month we begin to gently dissolve what has been standing between you and your full expression ✧

Because confidence is not something you force...it is something that naturally arises when your body feels safe...and when your heart remembers its worth.

Through **deep energetic work and guided activations...**we go into the layers that have been holding you back from being fully seen.

✧ The quiet doubts...

✧ The fear of judgment or rejection...

✧ The feeling of “not enough”...

And the deeper imprints...from past experiences, ancestral patterns, and even other lifetimes...that may still be shaping how you show up today.

You will be guided through a powerful process of **clearing outdated codes** and reconnecting with a new sense of safety and worth within yourself *

At the same time, we begin to activate your inner field...

✧ Your heart...

✧ Your womb...

✧ Your presence...

So that your confidence is no longer something you try to create...

but something you begin to feel.

Softly...naturally...from within ✧

And as this shift happens...

You may notice that your voice becomes steadier, your expression more open...and your energy more available to be seen.

Not because you pushed yourself...but because something inside you **finally feels safe to rise** *

✿ Month 3 — Petal of Visibility (10 June)

Being Seen Safely & Expanding Your Energy

Here, we open the space for you to be seen.

We work with nervous system regulation around being seen... allowing your body to feel safe in visibility and growth.

At the same time, we activate the **magnetic womb and the magnetic heart...** so your energy begins to expand in a way that feels natural and supported ✧

✿ Month 4 — Petal of Creation (15 July)

Connecting with the Energetic Template of Your Business or Work

From this place of safety and trust...
creation begins to flow.

We deepen into learning how to connect with, protect and magnetize the Energetic Template of your Business.

Your offers begin to emerge as a natural extension of your energy...
carrying your truth, your frequency, and your Soul expression *

✿ Month 5 — Petal of Magnetism (12 August)

Aligned Clients & Energetic Resonance

As your energy and creations align...
your field becomes magnetic.

We focus on calling in aligned clients who truly resonate with your work...
while strengthening the energetic field of your business.

You begin to experience what it means to attract — instead of chase ✧

✿ Month 6 — Petal of Abundance (9 September)

Receiving & Energetic Programming of Your Offers

As your Rose opens fully...
you step into receiving.

We deepen into learning how to energetically program your sacred offers...
so they carry a powerful energetic signature that naturally magnetizes the clients you are meant to serve.

You are also guided in learning how to encode your sacred offers with powerful energetic frequencies...
allowing your work to become a living energetic field of attraction, abundance, and expansion *

This is a journey of opening... not forcing
Of embodiment... not performance

Petal by petal...
your Soul Business or Work reveals itself ✧

✿ What makes this Mastermind different ✿

✓ This is not a strategy-based program...and **it is not about doing more, pushing harder, or becoming someone you are not** ✧

✓ This Mastermind is a **6-month energetic field of transformation** where your business or soul work is created from within...through your energy, your frequency, and your Soul expression.

✓ This work is deeply channeled from the **11th dimensional Group Rose Consciousness**...bringing through unique teachings, activations, and **codes you will not find anywhere else.**

At the same time, it is grounded in my lived experience and the teachings I have embodied over the years.

✓ **Many of the souls who are called to this space carry deep wounds in the heart...**

- The fear of not being seen...
- of not being chosen...
- of giving so much and not receiving in return...
- of holding their gifts back because it never felt truly safe to be fully expressed.

Through the Rose Consciousness, these wounds are not forced open...they are gently met, softened, and transformed.

✧ The heart begins to feel safe again

✧ Your expression opens without fear or pressure

✧ The need to overgive starts to dissolve

✧ You reconnect with your natural worth and magnetism

✧ And your work begins to flow from love... not from effort or proving

This is a space where your heart is not only healed...

it becomes the foundation of your work, your visibility, and your ability to receive.

✓ This is a **premium and intimate container**, held with depth, intention, and energetic precision for those who are ready to invest at a higher level in their growth, their work, and their Soul expression.

✓ **You are not following someone else's formula**

You are guided to reconnect with your own Soul harmonics...and to build your business in a way that is unique to you.

✓ **We work with your energy first**

Instead of focusing only on external strategies...we work with your nervous system, your heart, your womb, and your energetic field.

Because when your energy shifts...your reality begins to shift with it ✧

✓ **Your business becomes an energetic template**

You learn how to connect with, protect and magnetize the Energetic Template of your Business...

so your work becomes a living field that attracts the people you are meant to serve.

✓ **Your offers carry your frequency**

Instead of creating from the mind...you are guided to energetically program and encode your sacred offers...so they carry a powerful energetic signature and naturally magnetize aligned clients.

✓ **You are supported to feel safe in visibility**

We work deeply with nervous system regulation...so being seen, expressed, and expanded feels safe in your body — not overwhelming.

✓ **You are held in a deeply feminine, magnetic way of creating**

Through the Rose Template, you learn to create from softness, truth, beauty and alignment...

allowing your business to unfold naturally, like a rose opening its petals ✧

✓ **This is about embodiment, not information**

You are not here to consume more content...

You are here to embody your gifts,

your voice,

your visibility,

and your ability to receive.

✓ **This is not about building a business the “right way”...**

it is about building it your way — in alignment with your Soul *
