

Channeling Sacred Geometry & Beings of Light:

A 5-Week Journey of Divine Soul Healing & Activation

Remember your sacred lifetimes. Activate your Soul Blueprint. Embody your Divine gifts.

March: 4, 11, 18, 25 - April: 1

You are a Healer — perhaps a Priestess remembering who she is.

A Coach, a Creative, a New Earth Leader...

**And something inside you longs to understand the Sacred Geometry behind all creation —
to open your hands, your heart, and your voice as a living portal for Divine Creation.**

Through the sacred codes we channel and the ones you will learn to channel yourself, your **Soul Blueprint begins to activate** — awakening the gifts, wisdom, and divine design your Soul has always carried.

This program is a sacred invitation for **empaths, intuitives, healers, and lightworkers** who feel the call to **awaken their channel and embody the divine geometries of creation, reconnect deeply with their Soul**, learning to live, create, and channel from this inner place of truth and guidance.

Whether you are just beginning to hear the soft whispers of light language, or you have long felt the codes moving through your hands, your heart, or your dreams — **this journey gently opens new portals within you, helping you recognize the voice of your Soul and trust what flows through you.**

Together, we will activate the sacred geometry of your Soul, awaken your voice and healing hands, and deepen your connection with benevolent Beings of Light who are ready to co-create with you — always in alignment with your Soul's wisdom.

You will learn to channel sacred frequencies that support deep healing — for yourself and for others — and to **bring this Soul guidance into your sacred mission, visibility, and aligned service in the world.**

This is more than a course.

It is a remembrance of who you are.

A vessel of Love, a Temple of Divine Light, a Channel of Sacred Creation.

If your Soul is whispering yes...this is your time.

Who is this journey for?

This program is for those who feel a sacred pull toward light language, geometry, and divine connection — even if you don't fully understand why.

It's for **soul-led women and men** who:

- Feel **energy in their hands** and long to use them for healing.
- Are already **sensitive, intuitive, or empathic** — and wish to go deeper.
- Have experienced **initiations in this lifetime** (emotional pain, physical illness, heartbreak) and sense that these experiences were part of awakening their divine gifts.
- Feel a **connection to sacred symbols, mandalas, grids, or geometric forms.**
- Are ready to **channel sacred healing energies** — including the guidance of light beings, ascended masters, angelic frequencies, and the **therapeutic intelligence of plants, flowers, crystals, zodiac constellations and Earth elementals** — allowing them to flow through voice, hands, and heart to support deep transformation.

■ **◆ New Teaching Included: Zodiac Constellations & Chakras ◆**

In this program, you will learn how to work with the Zodiac Constellations as living light frequencies. Each constellation works with a specific chakra and part of the body. When you connect with these constellations, you allow star light to flow directly into your body, your chakras, and your nervous system.

- Desire to awaken their unique way of healing, helping, and serving the collective.

What are the benefits of taking part?

By joining this sacred 5-week journey, you will:

- Activate sacred geometry codes within your energy field, DNA, and heart.
- Receive support to heal emotional and energetic pain held in your body **(especially in the womb)** and field.
- Release trauma and fear that once silenced your voice.
- Learn to channel healing frequencies using your voice, your hands, and your intuition.
- Deepen your connection with your Soul and divine light beings — your star family, guides, angelic allies, and elemental beings who are ready to support you.
- Receive weekly transmissions and activations to awaken your soul gifts and your channel.
- Reconnect with self-love and your divine essence.
- Open your channel with clarity and confidence — even if you've doubted your gifts before.
- Feel more connected, supported, and empowered in your daily life and spiritual practice.
- Remember who you truly are — a being of light, here to serve through love, beauty, and divine presence.

How will this course affect your life?

This journey will open new portals within you — and once opened, they cannot be closed.

After this program, you may:

- Begin to channel your own light language or sacred geometry with more ease and trust.
- Receive clearer messages, guidance, and visions during meditation, daily life, or healing sessions.

- Feel more sensitive to energy, truth, and beauty, and more able to listen to what feels right for you.
- Experience shifts and breakthroughs in relationships, health, or life direction, as your energy clears and aligns with your Soul.
- Feel more connected to your Soul's purpose and be able to hear its guidance more clearly.
- Begin to create or offer healing work in new ways — with more confidence, clarity, and trust in your gifts.

WEEK 3

✧ ◆ THE 13 ZODIAC CONSTELLATIONS — BODY, CHAKRA & FREQUENCY ◆ NEW!

In this class, you will learn how to work with the **Zodiac Constellations as living light frequencies** that support your body, chakras, and nervous system.

Each zodiac constellation is connected to a **specific chakra and part of the body**.

When you consciously connect with these constellations, star light flows exactly where your system needs support, healing, and alignment.

In this class, we will:

- explore the **13 zodiac constellations**, including the 13th “hidden” constellation
- understand **which chakra and body area** each constellation works with
- feel how emotions and patterns are stored in different parts of the body
- practice **direct connection and activation** with the constellations
- channel light and codes from the stars through the body and chakras

This teaching helps you to:

- regulate your **nervous system** and feel safer to open your gifts
- deepen your **intuition, channeling, and light language**
- gain clarity about where blocks are held in the body
- work with the stars in a grounded, embodied way

This is not only knowledge — it is an **experiential class**, where you feel the constellations working inside your body and energy field.

WEEK 4

✧ **Beings of Light & Planetary Allies | Therapeutic Light Codes from Nature**

Channeling Angels, Galactic Guides, Earth Spirits & More

This week is a sacred reunion with the allies of your soul — those who hold specific frequencies, teachings, and love to support your journey as a Divine Channel.

Understanding the Many Realms of Light

The multidimensional support available to us through:

- Angels and Archangels (e.g. Michael, Raphael, Chamuel)
- Galactic Beings (Pleiadians, Arcturians, Andromedans, Sirians...)
- Elementals and Earth Spirits (fae, devas, plant spirits)
- Ascended Masters (Yeshua, Mary Magdalene, Isis, Quan Yin)

Each being carries **unique geometric frequencies, colors, and codes.**

Understanding how they wish to work with you and through you.

You don't need to "know their names" to feel their presence.

Discernment & Energetic Sovereignty

- How to feel and trust *what's truly of the Light*
- Tools to maintain a clear, protected channel
- How to discern loving guidance from projection, ego, or interference
- Creating sacred boundaries in the unseen realm
- *You choose who enters your space.*

Opening the Channel for a Message or Frequency

Guided journey to meet a **Being of Light** who wishes to work with you now.

You may receive:

- A vision
- A light language message
- A healing frequency
- A sacred geometry code or symbol

You'll be supported to channel in the way that feels most natural for you:

- writing, speaking, drawing, moving, or simply receiving in stillness

Transmission of **the Sacred Geometry Code:** *"I walk with the Light of Many Realms"*

✧ Receiving Therapeutic Light Codes from Nature

Flowers, plants, and crystals each carry precise geometric light patterns that support specific organs, emotions, and energetic centers.

You will be guided to receive and channel a therapeutic light code from a flower or crystal to support a chosen area of your body, such as:

- an overwhelmed heart
- a tired liver
- a foggy pineal gland

- a tense nervous system

You'll be shown images of encoded plants and crystals and intuitively guided to choose the one your body is calling for — and then channel its geometry directly into the body.

WEEK 5

✧ **Opening the Womb, Hands & Heart to Divine Design and Embodying Your Divine Channel with Isis - NEW!**

This final session is a deep initiation.

An initiation into the Sacred Womb as the origin of:

creation ✧ manifestation ✧ intuition ✧ channeling ✧ abundance.

In this session, Isis guides us to restore the womb as the pure channel of Divine Feminine creation, so your channeling abilities can flow with more clarity, trust, and power.

In this activation, we will:

- **Clear the Womb Field**
Release energetic imprints from past partners, relationships, ancestral lines, and past lives, restoring the womb as a pure space of creation and manifestation.
- **Reconnect Womb & Heart**
Open the flow between the womb and the heart, allowing love, safety, and trust to guide creation and intuition.
- **Activate the Sacred Hands**
Connect the womb and heart with the hands, supporting embodied channeling, transmission, and divine service.
- **Activate the Pineal Gland**
Open inner vision and higher perception, supporting clearer reception of guidance and Light Codes.
- **Anchoring Your Unique Channeling Blueprint**
With the heart open, and the womb and hands activated, you will receive a Sacred Geometry code to anchor your unique channeling blueprint in your body and energy field.

“I Am the Channel.”

✧ **Sharing & Q&A**

A gentle space to share experiences, sensations, insights, and questions — and to consciously close this sacred container together.
